KEYNOTE SPEAKER: AMY DEE, *The Speaker Agency*

Thursday, May 19th from 8:15-9:30 am

“Choices, Chances, Changes: The Three C’s of Life –Remember Your Power to Choose Success”

You must make a choice to take a chance or your life will never change. No more being stuck or blaming others! This hilarious but poignant presentation explores how brain and behavior science can help you take back your power to shape your own destiny by making conscious choices and taking chances that align with your goals. Attendees will discover how to improve “choice-making” by putting space between their impulses and their actions. This gives them time to reframe challenges and literally change the way they look at things and how they choose to move forward through change. They’ll learn how to self-guide by asking questions such as, “Will this choice put me closer to or further from my goal?” and “Is what I’m about to say necessary? Will it strengthen

my relationship bridge or weaken it?” Attendees will even discover how to find meaning—and value—in failures and how to take brave chances that will create positive change in their lives. Examples of the specific types of challenges your organization and audience face can be included.

9:30 – 9:45 am BREAK

9:45 – 10:45 am *Breakout Session 101: “It’s Not You, It’s Your Brain: Dx: Brain Drain - Rx: Mind”
Amy Dee – The Speaker Agency*

Did you know that every day you are exposed to as much information as your 15th century ancestor experienced in a lifetime? You are not only experiencing epidemic “overwhelm” of information and choices, you’re being asked to do more with less. Time management isn’t enough. Today you need MIND MANAGEMENT. Amy’s hilarious stories and memorable metaphors will help you organize your day for better brain benefit, and steer around cognitive biases that hinder objective thinking, and positively deal with daily challenges. Amy will explain how self-compassion leads to better customer service. Laugh while learning practical tools you can immediately apply to make every day more productive and satisfying.

9:45 am – 10:45 am *Breakout Session 102: “STARK Law, Anti-Kickback, and False Claims Act”
Benjamin Bresnick, JD, CHC, Managing Director, Health Care Compliance – Ankura Consulting*

To operate under best practices and avoid criminal penalties, civil fines, and exclusion from Federal health care programs, it is crucial for healthcare entities to understand three critical laws: the False Claims Act (FCA), the Anti-Kickback Statute (AKS), and the Physician Self-Referral Law (Stark law). The Department of Justice, the Department of Health & Human Services Office of Inspector General (OIG), and the Centers for Medicare & Medicaid Services (CMS), are charged with enforcing these laws. Ben Bresnick will describe each of the laws and how successful compliance programs mitigate the regulatory risks.

10:45-11:00 am BREAK

11:00 - noon Breakout Session 201:

“Recruitment in a Remote Environment”

Judy Gray, Chief Human Resources Officer and Tracy Quinn, Director of Client Services – State Collection Service

In March 2020, as organizations rapidly shifted teams to remote and paused hiring, we expected to resume our standard processes in a few weeks. For the State team, it became apparent we would need to adapt our processes when we resumed our rapid growth in the summer of 2020. Over the past two years, the State team collaborated to develop robust recruitment, onboarding and training protocols that are both effective and fully remote. It appears permanently remote work is here to stay. And there are significant benefits to both your organization and your team members. Your organization can draw from a much larger talent pool, which is a necessity given the current hiring conditions. Your team members enjoy greater flexibility as well as eliminating both the time and additional costs incurred when they are office based. The presentation will discuss how organizations can effectively recruit, onboard, train and manage a permanently remote workforce.

11:00 – noon Breakout Session 202: *“US Healthcare Affordability ”*
